4- The Internet الانترنت

I think the internet is the most important invention. It made communication much quicker. You can send emails all over the world quickly. Also, it helps us to have many friends in different countries. It helps students in their study. The internet made the world a small village. It helps us in all fields. It helps us to communicate with our friends . It helps us to send e-mails . It helps us to know a lot of information . It helps us to study our lessons .It helps us to save time. It helps us to do sums .

Fifteen years ago, only a very small number of people in Egypt were able to go online. This has now changed. About a quarter of Egypt's population use the internet regularly, and this number is growing all the time. Social networking sites are the most popular reason for people to go online. Many people use these sites to communicate with their friends. Many museums and tourist attractions put opening hours, directions and other information on social networking sites. Other popular activities on the internet include watching films and videos, reading news and researching information. Using the internet isn't as expensive in Egypt as in some other countries. This is because the government wants people to use it. Websites can provide useful information about train timetables, post office prices, etc.

An accident you saw on your way home

I want to tell you about an accident I saw on my way home . Yesterday while I was coming back from school I saw a bad accident in the street . a bus hit a small car . The bus was coming from a way on the left as the driver was on ahurry to preced another bus but The other car on the right was alsovery fast so he didn't know to stop and hit it. Many people came to help . In that case, I used my telephone to call for help . A lot of people also call the ambulance to come to save these people who were injured in this accident. Fortunately it was not adangerous accident . No one died in this accident but ten people were injured including two children . All the rest survived. Then the ambulance came and took them to hospital . I felt sorry for them so I took ma taxi and went to the hospital . The doctors came quickly and helped them. They give them medicine. To my surprise , I found my muncle was one of the people who was injured in this accident . I ent quickly to see him . When I was

sure that he is ok , I phoned my family to tell them . They came quickly , At night he became fine and we went back home happy. Really ., It was a hard day.

A job I like

There are many interesting jobs. I think the doctor's job is the most important one. He/She helps us get better after being sick. I look forward to becoming a doctor one day to look after the sick and to try to find out the reason for that. He always looks after ill people and tries to find out why they are ill or what hurts them. If a doctor understands their illness, he/she gives them the right medicines to feel better. A good doctor usually makes sure that all people feel healthy. The nurse's job is important as she helps doctors and patients. They are truly angels. We have to work hard to have the jobs of our dreams.

What makes a hero

A hero is someone who can show courage when they face a problem. A hero is a person who is able to help the others in many ways. A person can become a hero by saving someone who is in danger. Another example of a hero is someone who is there to help others to go on through difficulties of life. A hero can be someone who gives up their life so that others can live. A hero does not always have to show courage, he can be afraid, but still be a hero through his other actions. A hero can be a teacher. He can teach you to read or write and that will make a big difference in your life. That is a hero to me, someone who makes a difference in a person's life.

2. How to write about past habits

What you used or didn't use to do when you were young That was so long ago, I don't remember. I used to spend time by myself. I didn't use to go out a lot. I used to do a lot of things. When I was young, I used to get up early and leave the house and go wherever I wanted to go on my bike. When I got home from school, I used to do my homework, then go out and play with all the other kids. I didn't use to help my mum with cooking. We used to live in a village when I was a kid. There didn't use to be a supermarket there. In the summers, we used to run to get ice cream.I used to go swimming every Thursday when I was young. We used to go to the same beach every summer.

A historic place you visited

I visited one of the greatest historic places in India, the Taj Mahal in Agra. I went there with my mum and dad. It is very huge in size. I studied about the Taj Mahal at school, I also saw its pictures. But watching it with my eyes was like a dream that came true. It was built by Shah Jahan around 1630s. He built it as a gift to his wife, Mumtaz Mahal. This history made it more interesting. It took around 22 years to build. People think that Shah Jahan cut off the hands of the workers who built it so that no similar building could be built. Therefore, this is one of the most awesome historic places.

Subject : My home

Hi Fatma,

How are you? I want to tell you about my home. Our homes today are more modern than they were before, and they will get smarter. I live in a quite small but beautiful house. My home is near the river, so fresh and cool air comes to our home. There are many important objects which we use in our house. In the centre of my bedroom, there is a large bed. Next to the bed is a table with a vase of flowers. There is a large wardrobe to the left of my bed with a computer table, cupboards and shelves built into it. The kitchen is the place where there are many objects. A mixer is used for mixing food. The mixer is made of metal and plastic. A kettle is a metal container which is used for boiling water. I really love my home.

An Egyptian object in another country

The Rosetta Stone is in the British Museum in London. It was found on July 19, 1799, a French soldier discovered a stone with ancient writing near the town of Rosetta (Rashid) in the Nile Delta. The Rosetta Stone is one of the most important objects in the British Museum as it holds the key to understanding Egyptian hieroglyphs. After many years of studying the Rosetta Stone and other examples of ancient Egyptian writing, Jean-François Champollion could read hieroglyphs in 1822. The British soldiers took the stone to the British Museum in 1801. Egypt tries hard to take it back.

Random acts of kindness

It's important to do random acts of kindness. The smallest things can make others smile. I think that if you do something kind to someone, they will take that act of kindness and move it to people they come across during their day. The smallest things always make the biggest differences. For example, holding the door for someone who has their hands full or smiling at a stranger as they pass by, these little things let people know that someone cares about them. Today, before you go to bed, do a random act of kindness. It can be to someone you know or someone who is a complete stranger, but it has to be random. Someday you will receive a random act of kindness in return.

Climate change

Climate change means the change in the world's climate and temperature. Climate change is causing different kinds of unusual acts in the world's climate. It is the most discussed topic at the moment all over the world. There are many causes for climate change. Firstly, global warming is the main reason for it. Secondly, environment pollution is the main reason for climate change. Thirdly, cutting down trees is another cause of the problem. Climate change causes rise in temperature, floods, drought and ice melting which will seriously affect farming and all living things. We should reduce the bad results of climate change. Planting trees can reduce global warming. We should stop using bad chemicals which can reduce environmental pollution.

Subject: My home city

Hello Paul,

How are you? I'd like to tell you about my home city. I come from a beautiful city called Hurghada on the Red Sea. First of all, it's very green and has many beaches and mountains. My home city is not polluted and the people are very friendly. It also has a small city centre area and you can find many shops and restaurants, for example sea food restaurants and supermarkets. My home city is on the coast, so there are many boats and ships. You can see turtles there. There are many fishermen around, so you can eat many kinds of cheap fish. It's very hot in the summer and warm in the winter. There are many parks and museums in my home city. Many tourists visit my home city in the winter because it has lovely weather. You should come and visit it one day.
